OECD coordinates Comprehensive Cancer Infrastructures for Europe (CCI4EU)

www.cci4eu.eu

CCI4EU
brings together 27
Member States and 5
Associated Countries
in a capacity building
programme aimed at
reducing inequalities
in cancer care
and research

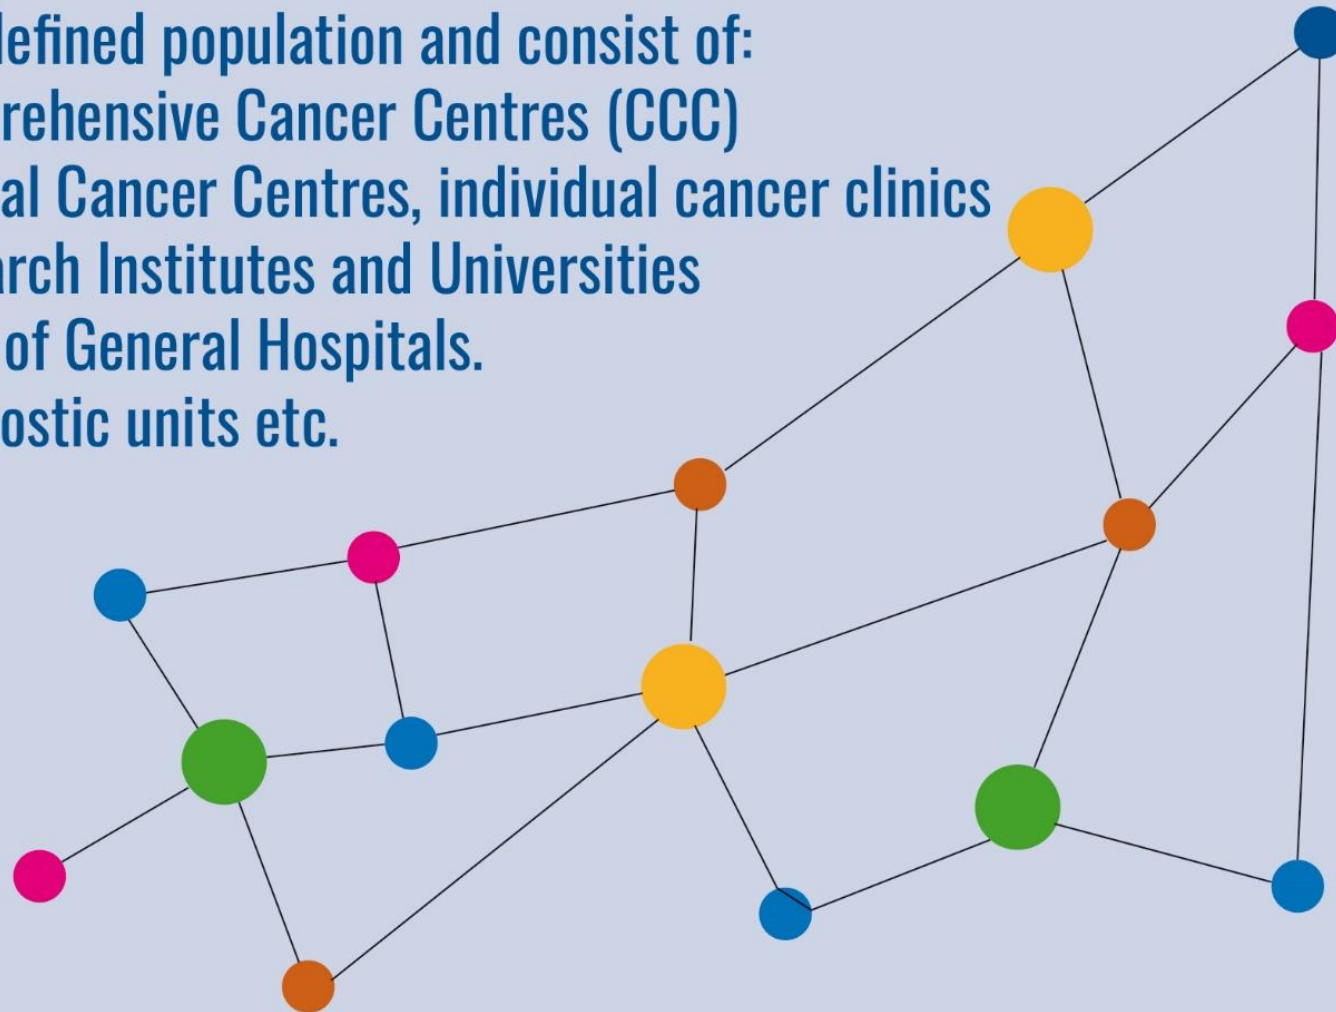

What is a CCI?

CCI A Comprehensive Cancer Infrastructure should also include public functions such as public health, screening, primary and community care, and population cancer registries.

CCN

Comprehensive Cancer Networks* serve a defined population and consist of:

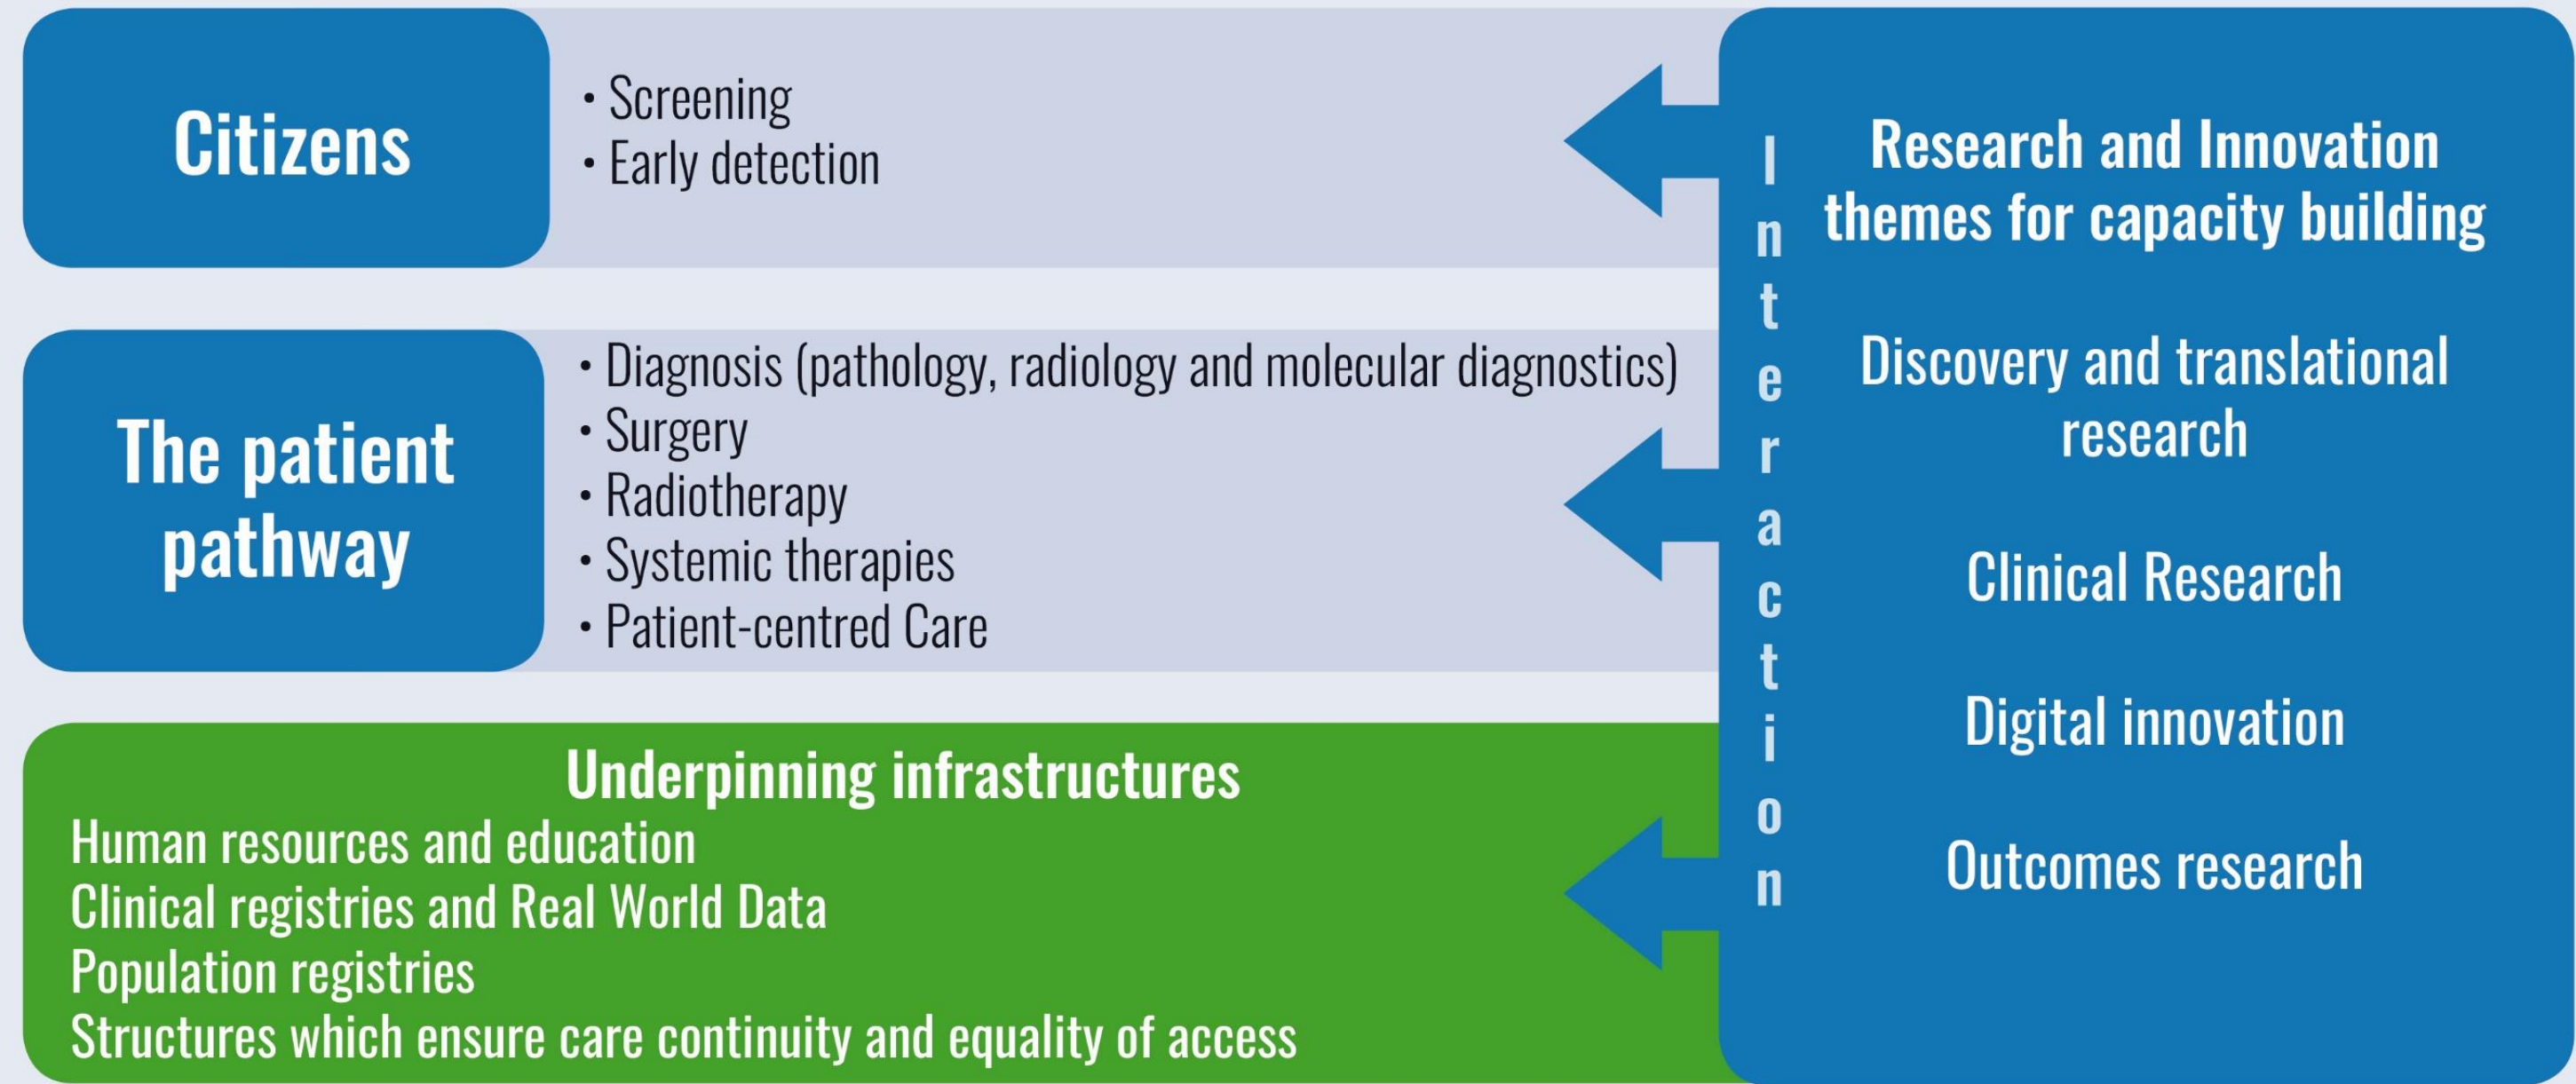

- Comprehensive Cancer Centres (CCC)
- Clinical Cancer Centres, individual cancer clinics
- Research Institutes and Universities
- Units of General Hospitals.
- Diagnostic units etc.

* Including Comprehensive Cancer Care Networks according to CraNE WP 6 (CCCN)

What is Capacity Building (CB)?

Dimensions of Capacity Building

More than training....

Individual

- Needs assessment
- Training
- Extending knowledge and competencies
- Processes for talent development and exchange

Institutional

- Needs assessment
- Gap analysis and identifying barriers
- Sharing excellent practices
- Building resources (data) and teams
- Changing corporate mindsets

Systemic

- Needs assessment
- Breaking down silos
- Bringing in outside expertise (twinning and teaming)
- Networking, governance and organisation
- Redesign of the system and sustainability

Developing a Capacity Building Programme

Deep dives

Three site visits of approximately three days each by expert teams of between 9-12 people will be delivered in each chosen CCI.

OECD YOUNG
BOARD

Claudio Lombardo
OECD General Manager

OECI is launching the OECI Young Board

The OECI Young Board will be composed by maximum 10 Members with the aim to:

give and receive inputs on research and training needs;

involve young talent in OECI decision-making processes;

be proactively engaged in the OECI programme of activities;

designate a representative to participate as co-opted member to the OECI Board meetings in order to offer input and insights;

co-design and participate in OECI research projects, including initiatives within the framework of the European Mission on Cancer, and Europe's Beating Cancer Plan.
